

### ... Young Mother Beaten

(Continued From Page 1)  
ed that she might lose her baby.

Chason had been sought since June 12 on a non-support warrant issued following a complaint filed by Mrs. Anita T. Chason of 21224 S. Main St.

MISS DETIGE told sheriff's deputies that the fracas began en route to the hospital, where Chason was taking her for a pre-natal checkup. When she denied certain accusations of his, he swerved off Vermont Ave. into an empty lot, threw

her across the front seat of the car, and began beating her in the face.

According to the sheriff's report, she managed to fight her way free, opened the door of the car, and began running through the fields. The suspect followed her with his automobile and reportedly attempted to run her down.

WHEN SHE arrived at the doors of the steel plant, on the verge of collapse, the vice-president of the firm—against whose shoulder she had fallen

—placed her on a couch in the president's office while his secretary phoned the Firestone sheriff.

Chason demanded that the victim be turned over to him so that he might take her to the hospital. When the steel executive refused, it was reported that the suspect smashed the window and shouted to the victim:

"I'll kill Lee Anne if you don't come out." The victim became violent upon the threat to her daughter's life, and had to be held down by the company secretary.

OUTRAGED, the man outside began shouting obscenities and punched an employe in the nose when he attempted to

### SCMAF Softball Playoffs Set For Torrance

Torrance, starting point for the Slo-Pitch Softball league organizational movement in Southern California, will be the host city for the Southern California Slo-Pitch Championship Playoffs, conducted under the auspices of the Southern

California Municipal Athletic Federation, according to Elmer "Red" Moon, Adult Athletics Director, for the Torrance Recreation Department.

The game originated in the Chicago area and was first introduced to Southern California players and fans in the Summer of 1952, when an eight team league, consisting of service clubs and fraternal organizations, began playing in Torrance. Since that date the popularity of the game has spread the entire length of the Pacific coast.

Teams are expected to enter the present tournament from

points as far away as San Diego on the south, and Santa Barbara and Ventura to the north. The tournament starting date has been set for August 21st; games will be staged primarily on weekends, on the lighted fields at Torrance, McMaster and Walteria parks.

This event is the second staged by the Athletic federation in this softball classification, the first being held last year in the neighboring city of Gardena. The Firestone team from South Gate was last year's champions. Second place winner was the Bank of America team from Los Angeles.

### \$2000 in Building Materials Stolen

Sol Burns of J & S Enterprises, 1030 Engracia Ave., told police Monday that someone took \$2000 worth of building materials from a building site on Engracia.

He said the losses included channel iron in 10 to 15-foot lengths, copper tubing and conduits, aluminum window frames, and other building materials.

### DEBT FACTOR

Mortgage debts on U.S. urban homes has increased by four and one-half times since 1945. At the same time the mortgage debt on U.S. farms has doubled and now totals \$8.2 billion.

### Extra Seating To Be Installed

Los Angeles County Parks and Recreation Director Norman S. Johnson today said that extra bleachers will be installed at Belvedere County Park for the July 25 baseball clinic to be conducted by Dodger players at 1 p.m.

Al Campanis, director of scouting for the Dodgers, has arranged for seven Dodgers to be on hand to conduct the clinic. They include Carl Erskine, Joe Pignatano and Norm Larker. Others will be announced later.

The Dodger players will demonstrate various baseball techniques and will hold classes on the field to explain the specialized skills that are required for the position which they play.

### SEEK MORE SCIENTISTS

New classes are being recruited by Palos Verdes Peninsula Science club in its program to promote interest and to train boys and girls from seventh through tenth grades in the various sciences.

Having recently celebrated its first anniversary with a Science Fair held at Valmonte school, the Science club now has a membership of approximately 125 students and 15 volunteer counselors or teachers.

The councilors or teachers are recruited from parents of students or are volunteers from industries adjacent to the area.

Weekly student meetings are held in either councilors' or students' homes at the convenience of the councilor. Subjects are taught to gain maximum interest from each student. In most cases textbooks aren't used. Demonstrations, field trips and student projects are principal tools for training the budding scientists.

Registration for the new classes now being planned by the Science club is limited to students living in the Hollywood Riviera, Rolling Hills area, Portuguese Bend area and Palos Verdes Estates. The new classes will require a new parent councilors and adults to serve on various coordinating committees.

Information on student registration and parent participation can be obtained by sending a self-addressed envelope or by contacting one of the following committee members of the Science club: Mrs. J. Faherty, 721 Via Del Monte, FR 5-8117; D. Steinman, 1600 Via Arriba, FR 5-5961; or J. Buckholtz, 2729 Palos Verdes Drive North, FR 5-8239.

### Sippels Attend Church Meeting

Rev. and Mrs. H. M. Sippel are in Santa Monica attending the State convention of Christian Churches in session at the Municipal auditorium from Wednesday through Sunday. On Wednesday afternoon, Mrs. Sippel, retiring president of the Ministers Wives Assn., presided at a tea at which time new officers were elected and installed.

### Rummage Sale

St. Philomena Women's Council is sponsoring a rummage sale today, July 23, in the school hall at 21900 So. Main Street, from 10 a.m. to 9:30 p.m. The sale, under the chairmanship of Mrs. E. M. Bernardin, will feature clothing of all kinds, jewelry, household goods and furniture.

### VAN SEZ:

Do you know that the meat from a turtle has seven distinctive meat flavors? It depends on which part of the turtle you eat.

Beef, lamb, pork, chicken and fish are among the meat flavors.

There are many brands of floor coverings. Many may look alike, but there is a difference. Close examination can spot the difference in quality. Van's experts can give you full details on how carpeting is made... the quality of various materials used and the weaving processes used. By all means, call Van's for free information and estimates.
